Annual Report

Looking forward to 2024!

From the Executive Director:

Hello all! We are wrapping up another great year: one of preparation and organization. ‘All things should be done decently, and in order’, and preparation for growth is no exception. As such, we have invested major efforts with getting our business house in order. Our website, finances, taxes, and other details are well in-hand and looked after. Likewise, costly false-starts with the wrong solutions are to be avoided, so extensive efforts in product and solution selection have been made. We can now move forward with the business; confident our position prepares us for smooth growth and rapid tooling.

Next year will bring some exciting fruits with the development of our website presence. We are the picture of a properly functioning non-profit organization, making us ready to start marketing and accepting funding en masse. Campaigns will be kicking off by Q2 – so keep an eye out for updates! Next year will also start our first proof-of-concept for the Bible Translation Project (official name incoming!), using one book of the New Testament, featuring full expository references. This first crucial step marks the beginning of the massive undertaking of our Bible Translation Project. Our VR/AR Bible Experience Project now has sufficient funding to produce a viable platform for testing and research.

Our Mission and Mission!

“Advancing the Kingdom of the Lord Jesus Christ through technology, social networking and media, and interpersonal relationships.”

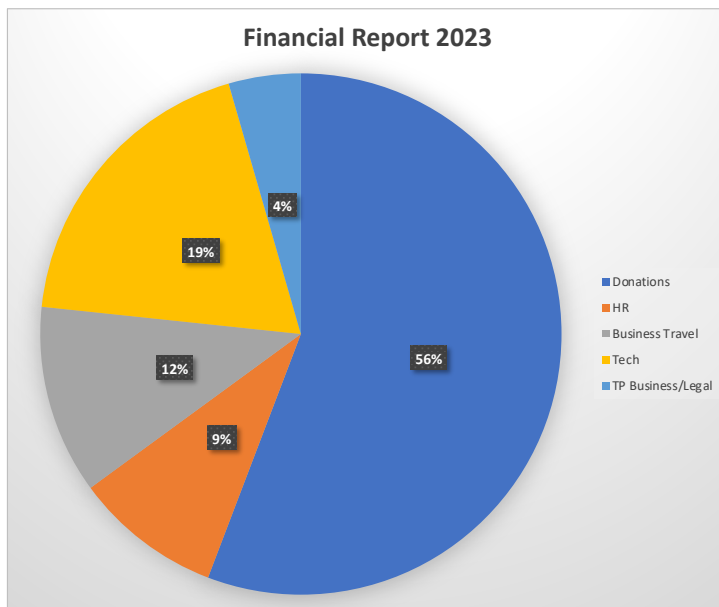

TruthPunch exists to serve the Christian community as a voice of insight into technology, and the ever-changing and rapid paced evolution of culture. Global access to the internet has shifted cultures and cultural interactions on unprecedented scales. TruthPunch monitors global trends in technology, transhumanism, and moral landscapes from a Messianic Jewish perspective.

TruthPunch Updates...

- ◆ Witnessing Logic Tree
 - Completed by compiling and mapping hundreds of witnessing/apologetic debate techniques.
 - Possible App – Would require Purchase of App
- ◆ Septuagint Strong's' Mapping
 - Research has showed this has been accomplished from the Apostolic Bible Polyglot Index, however, recent research has shown that more error correction is needed to fix the Masoretic text and influences from Codex Vitaceous and Codex Sinaiticus. Textus Receptus will be used as a primary source for the New Testament, and the Old Testament will use a combination of Masoretic with fixups from the Syrian Pentateuch, Septuagint, (e.g., Amos 7:1). Research completed. Currently building apparatus.
- ◆ Game Development / Storyboard
 - Acquiring Script / Storyboard
 - Action Bible and/or SuperBook to review settings/scenes.
 - Selected Unreal (free), Maya/Blender, with Megascan assets.
 - Will not be using Avi-Yonah model, as Josephus does not agree with Temple Mount location, found actual location.
- ◆ What the Board is Studying/Watching
 - Publications of faith-based ministries and/or events
 - A think tank with a higher purpose
 - IT Services/Consulting for like-minded non-profits

Financials!

As we begin our journey to completing our mission; we thank our donors!

Financial goals for 2024 – Increase fundraising awareness and donor campaigns.

Special Mentions!

Thank you!!

Truth Punch would not be possible without the vision of our President, our Board, and the Management Team.

Looking Ahead

The future is bright – we move forward with our intended projects such as:

- The Bible Translations
- IT Services for non-profits with a like-minded mission statement.
- Updated Interactive Website
- Blogs, YouTube Channel, Facebook, Instagram and Gab
